COVINGTON NEWS.

CITY COUNCIL.-The Committee on Public Schools reported adversely to the petition from the School Board asking an additional tax of five cents on the \$100 of taxable property, for four years, for the purpose of building school-houses. The report was concurred in.

Mr. Stevenson presented an able report from the Committee on Water-works, the chief points of which are as follows: That Covington can never becom-

great commercial town, but is peculiarly fit-ted for manufactures.

2. That water-works are necessary to de-velop our manufactures; to render the town healthy; to suit the convenience of the pro-

3. That it is expedient to build the waterworks independent of Cincinnati or Newport.
4. That the most available place for their location is the western part of the city.

5. That the work ought to be done by a company, the city retaining the privilege of purchasing within a designated time.

The report was accompanied by the follow-

ing resolution : Resolved, That the Committee on Internal Improvements be instructed to advertise for proposals, or for propositions from parties or companies, for building the proposed works, to be established within the limits of Kenton County, the city reserving the right to pur-chase the said works at the expiration of twenty-five years, at cost, and at the expiration of every three years thereafter, upon twelve months previous notice from the city.

The report and resolution were adopted. Mr. Moore offered a resolution instructing the attorneys for the city, in the case of the sale of the Kentucky Central Railroad, to re-sist the confirmation of the sale, and, if necessary, unite with those of any other parties ing the same thing. FURTHER PARTICULARS CONCHRNING MR. NICHOLS.—We have obtained some further particulars concerning this unfortunate man, which appear satisfactorily to account for his death. He had recently lost his third wife, and up to that time was sober and economical—indeed, he was never known to be interviously it in the time of the recent Fair in the content of the recent Fair in toxicated till the time of the recent Fair in Paris. He was drunk for two or three days, and his friends believed it to be the result of his troubles. Since he has been in Cincin-nati he has been in a constant state of beastly nati he has been in a constant state of beastly intoxication. On the 11th of this month he left the Galt House, leaving a silver lever watch for safe keeping. From that time till Friday, the 14th, he stopped at different houses, and on the evening of that day, about dark, was seen by some policemen to fall violently on some bowiders, inflicting the wounds of which he afterward died. As he was seen a few minutes before there can be was seen a few minutes before, there can be no reasonable ground to suppose the wounds were received in any other manner, notwithstanding appearances. He was taken to the Hammond-street Station-house with his face bleeding so prefusely that the floor of his cell was soon covered. He had \$11 about him, which was refunded in the morning. On Saturday night he was again brought to the same place, when he had but \$5. Next day he came here. He was worth about \$6,000 or \$8,000.

FAIR--We understand that the Kenton Cadets contemplate holding a Fair at Odd Fellows' Hall, for the beneat of the company, in a shert time. A committee of three was appointed on Saturday evening last, to confer with the ladies on the subject, whose assistance they deem indispensable to its success. Ladies, you ought to take an interest in the matter; the members are all single men, brave, handsome, young, but, to confess the truth, generally rather beardless; but in this respect promise to come out.

POLICE COURT .- Mary Smith, Jerry Henet, and Mary Bowman, were each sent over for ten days for vagrancy, by Judge Medeira, yes-terday; and James Silmerton was fined \$3.66 for drunkenness.

At the September term of the Circuit Court, claims to the amount of \$1,688 28 were allowed by Judge Moore.

ALLEGED KIDNAPPING .- Stewart and Wea-ALLEAD KIDNAPPING.—Stewart and Weaver, who brought the negro Waggoner to Newport some time ago, alleging that he was a fugitive, were arrested in Cincinnati day before yesterday, on a charge of kidnapping, and will be examined by Judge Lowe on Saturday next. In the mean time they are lying in jail, in default of \$2,500 bail, each. The citizens of Newport are anxious to see a legal investigation of the matter, and if Waggoner be kidnapped they desire to see the vengeance of the law visited on Stewart and Weaver.

They were arrested through the instrumentality of Mr. Horsfall, of this city.

The story of the negro, (and the people generally credit it,) is, that Stewart and Weaver stole him from Virginia, brought him to Ohio, and thence to Kentucky, where they henced to obtain a raward. noped to obtain a reward.

He has been advertised, but his master has net yet come after him. He is said to be a very wealthy man, and has emancipated numerous slaves, among whom are the father and mother of Waggoner, and it is presumed that he don't are enough about a negro to come after him.

"J. R. Jacobs was arrested in this city, yesterday, by Constable John McDonald, charged with swindling a man named William Cope-land, who resides in Dayton, out of \$144. He bought goods of Copeland and gave him a mortgage on his furniture, after which he sold the furniture to another person and decamped.

The case will come before 'Squire McFall

The case above alluded to was simply capias sworn out by one John R. Coblents, of Dayton, against (me) John R. Jacobs. The Midavit set up five several charges of fraud in concealing my property, selling the same, making an assignment of a claim and selling said claim to another person, and that I lett Dayton in the night time. All of which charges bayton in the night time. All of which charges they utterly failed to establish. I clearly proved some of them false; yet they obtained judgment for \$144, which I refused to pay, and was committed and released by the Commissioner of Insolvents, who certifies that he could not see any disposition to perpetrate a fraud, after being duly acquainted with the facts in the case. LAW REPORT.

SUPERIOR COURT.

VERDIOTS.—Judge Hoadly was engaged in Room No. 2, trying Jury cases. In the case of Wheeler & Garrison vs. The steamboat A. O. Tyler, to recover for lumb r, (which the defence claimed was furnished to the credit of a contractor.) the Jury found for the plaintiff damages \$1,132. Lincoln & Smith for plaintiff. Mitchell for defense.

Eben Dale vs. T. J. Newman-Replevin.—Possession of property found in defendant, and damages assessed at \$10 w. Batemen for plaintiff; Woodruff for defense.

Eben Dale vs. T. J. Newman. Replevin. — Possession of property found in defendant, and damages assessed at \$154 vo. Batemen for plaintiff; Woodruff for defense.

J. B. & J. Prico vs. J. B. Nevins and Lasher & Co.—The question on trial is, whether a judgment for \$7.000 was fraudulently confessed. E. A. Thouseon and Brower for plaintiff, Gallasher for differes.

Submittes Casus Deciden. — J. F. Empson and others vs. The Heirs and Devisees of T. Empson, deceased.—Petition for partition under the will of Thomas Empson.—The property was sold, and the money is now in the hands of the Sheriff for distribution. The deceased devised all his property to his wife for life, and upon her death directing that it be sold, and the whole divided into elseven paris—two parts to be given to each of his two youngest children, and to each of the remaining seven one share. Jesse Empson, one of the children, died before the mother without issue. Sarah Ann and Catherine, to each of whom two parts were devised, in like manner died before the mother, each leaving one child. The question is, whether the representatives of Ann and Catherine are entitled to the two parts each of the share given to Jesse, or whether they take in equal proportions with the surviving children.

In any aspect of the case it seems to the Court (Judge Spencer.) that the representatives of Ann and Catherine are entitled to the mothers proportion of view share, which would be one-eighth part each. A. N. Biddle for plaintiff, Clemmer on the other side. SHEMIT'S POUNDAGE.—Edmund Hoel vs. Thomas Reberts and others. Action for foreclosure of a mortage. By the terms of the decree, the payment was made in justalments, and the Sheriff charged poundage on the entire amount. The Court was now asked for an order to re-tax the costs.

Jungs Spencer held that the Sheriff was not entitled to poundage on all moneys made and paid over to him on execution. As to the residue of the proceeds of sale, as they have to be handed over to the owner, there is no reason the Sheriff should

MANILTON COUNTY DISTRICT COURT.

BEFORE JUDGES GROLSON, MALLON, CARTER AND DICESON.—State of Oblo vs. J. S. Gano. Mr. Groesbeck made application to the Cert to set a day for the hearing of this case.

Judge Gholson stated that being heretofore one of the counsel in the case, be could not hear it. He intimated also that it appeared from the docket to have been reserved for the Supreme Court.

Mr. Groesbeck—It is the desire of the parties I represent that it should be heard and disposed of as soon as possible. It would not be a matter of so much importance but from the fact that Mr. Gano, who is not regarded by our side as Marshal at all, is drawing heavy fees daily, and there is no security for a return of those fees. It would be only right that he should be arrested in the collection of these sames of money, at least until it has been determined that he has a right to proceed.

Judge Ballou—The case was called, and on account of the importance of the questions was reserved.

Judge Dickson—It was suggested that the same question was pending at Columbus.

Mr. Groesbeck—The question there was to determine whether Hatch and his associates were Commissioners according to law; but this proceeding was intended to try that question as well as that which we now raise.

Judge Mallon said he would determine by Saturday whether the Court would hear the case.

APPLICATION TO ADMIT TO BAIL PETER GAN-

APPLICATION TO ADMIT TO BAIL PETER GANDALPHO AND AUGUSTUS GANDOLPHO.—A called Court was held for the purpose of hearing an application for the admission to bail of the above parties charged with the homicide of Peter Schneider, and committed from the Police Court on the charge of murder in the first degree. The homicide took place at Cumminsville on last Sunday week.

Nine witnesses were examined on the part of the State, and three for the defense i but nothing was developed during the progress of the investigation which was not elicited at the former examination before the Police Court—the facts as then stated having been already published.

Judge Johnston (who with J. F. Hoy appeared for the prisoners.) claimed that the facts presented merely a sueden quarrel among a number of persone all more or less intoxicated, and that as there wanothing to show a case of murder in the first or second degree, these men were obtited to have the present motion in made on their behalf granted.

Mr. Kerr insisted that the facts developed a case in which all the elements of murder in the first degree were made out; but that even if the evidence was much as to raise only a supposition that the crime might be murder in the first degree, it became the duty of the Court (which was bound to have) all doubts to be solved by another trihunal) to refuse this motion and recommit the prisoners.

Judge Hilton said the object of the statute under which this proceeding was had was not merely to go over the same ground passed over in the Police Court, out to afford a remedy to the prisoner, and permit the introduction of all the testimony that could be adduced. But the testimony should be clear and distinct to anthorize the Court to accede to a motion of this kind; for where doubts were involved, or probabilities had to be weighed, it was the duty of the Court took occasion to remark (in reply to a remark of counsel) that it would be a sad thing if it could be held that one cliizen could take the life of snother party, merely because that o

of ween him and rever to take the internal consecuent.

The Court had come to the conclusion to admit Augustus Gandolpho to ball; but from the doubts surrounding the case of Peter the Court would remand him, and leave a Jury to pass, upon the degree of homicide in his case. The Court remarked, however, that there was a good deal of conflict in relation to the testimeny affecting Peter Gandolpho.

The amount of bail required in the case of Augustus Gandolpho was \$3,000. The bail was not given last ovening, and both parties were remanded.
